Day opportunities for people who need a high level of support

The Council is continuing its work to transform learning disability services in Rotherham.

The Council has agreed to continue to provide day opportunities for those people with a high level of support who need a building.

There is money for a new building/s to be built that would provide the best possible facilities for people with a learning disability and autistic people.

We are talking to lots of people about what day opportunities might look like.

We would like you to tell us what you think a new building / service needs to be able to do and provide.
