

Important information regarding ALL home to school/college transport applications for SEND/Zoom Zero Travel Passes for eligible children and young people – September 2025

Educational placements are now being agreed and confirmed for children and young people for September 2025 and the Local Authority would like to invite parents/carers who will need assistance with their child/young person's transport arrangements to make an application for a travel solution **as soon as possible**.

As a reminder to parents, carers, educational establishments and other support agencies, there is a requirement for the Local Authority to have an appropriate period of time to assess entitlement for a travel solution and make a suitable offer of assistance to the family.

Each year, the Local Authority receive a considerably high demand for transport assistance with the majority of applications forms completed during the peak time of (April – September) each year.

To allow sufficient time for individual assessments to be undertaken and to ensure that a suitable travel solution can be offered in readiness for the new school year, there is a requirement for a window of transport application forms to be established.

Unfortunately, this means that any transport requests received after the deadlines will not be processed until September 2025 and as there will be no travel solution agreed for the start of the new school year, parents/carers will need to make their own travel arrangements in the meantime.

These deadlines will not affect entitlement to a travel solution for eligible children and young people, and a travel solution will be offered once the Local Authority have had the opportunity to confirm eligibility. Parents/carers may be entitled to receive a reimbursement towards the cost of any journeys undertaken to travel to/from school/college from the start of the new academic year **once eligibility has been confirmed**.

Transport applications will all be processed in date order up to and including each of the deadlines below and travel solutions will be offered during August 2025. This is to allow families to be informed of arrangements and where necessary, undertake any required home visits and risk assessments, and also provide sufficient time for the child/young person to prepare for any new arrangements.

IMPORTANT INFORMATION FOR YOUNG PEOPLE ATTENDING COLLEGE

If the young person is moving to higher education in college there are additional considerations below:

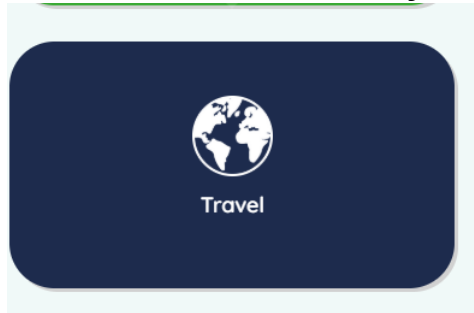

- No transport is provided for the first week of the school term to allow for student inductions and timetables to be established.
- No transport can be provided until a full timetable has been received and it has been confirmed the young person is attending 12 hours guided learning per week.

How do I complete and application form?

To access all the Local Authority home to school transport application forms please visit the Travel Section of Rotherham SENDLocal offer: [Rotherham SEND Local Offer – Here you will find help, advice and information about the services available for your child or young person from birth to 25 years with a Special Educational Need or Disability \(SEND\)](#). Or scan the QR code below.

Please access the forms by clicking the 'travel button'
